Package Contents

- Main Vacuum Body
- Handle with grip
- Tool Holder
- Fastener
- Hose
- Dusting Tool
- Crevice Tool
- Disposable Paper Bag (B700096)

Assembly Step One:

Install the Steel handle with plastic grip to the main vacuum body. Insert the male plug at the end of the handle into the female socket on the main vacuum body.

Assembly Step Two:

Align the tool holder by hand to the handle and main vacuum body. Use a screwdriver and fastener to attach the tool holder and handle to the main vacuum body. **IMPORTANT: FOR THE LID MECHANISM TO WORK PROPERLY, BE SURE TO ALIGN THE TWO HOLES IN THE TOOL HOLDER WITH THE TWO PINS ON THE HINGED LID.**

Assembly Step Three:

Connect vacuum hose. Press tabs on plastic cuff on hose end to attach cuff to inlet mounted on hinged lid.
